

Fiscal Year 2025 was a year of meaningful progress as we continued advancing the goals of our Strategic Plan while strengthening the Library as a welcoming, comfortable space for all. We offered engaging programs that entertained, educated, and connected community members of all ages, ensuring inclusive opportunities for learning and belonging. This year also marked a major milestone with the migration to a new, more user-friendly catalog system, making it easier than ever for patrons to discover materials and access Library resources. We are grateful for our community's continued support as we look ahead to another year of growth and service.
